EXPERIENCE

Digital Web Publisher

Sun Life Financial

2019 - 2021

Waterloo, ON

Published and maintained websites across Sun Life's international network, as well as creating web pages for Sun Life's advisor and business clients.

Key Accomplishments:

- Migrated hundreds of webpages from a legacy CMS to Adobe Experience Manager.
- Lead a four-month cleanup project that renewed hundreds of internal webpages.
- Modernized public-facing webpages to be AODA compliant.

EDUCATION

Certificate, Full Stack Web Development: University of Toronto School of Continuing Studies
24-week program focused on HTML, CSS, JS, React.js, SQL, MongoDB, Express, React.js, Node.js. Developed a variety of websites and applications individually and in group settings.

Bachelor of Arts, Political Science: University of Waterloo

Majored in political science and business, with minors in economics and international trade. Graduated with distinction.
